PROJECTS**SOCs Management - [Vector Flow](#) @ [Innominds Software Pvt Ltd](#)****Jan 2020 – Till Now**

Vector Flow is dedicated to using machine learning and automation to deliver improved operational efficiencies – and effectiveness – across the entire physical security domain. Vector Flow's SOC management software is a system whereby organizations keep track of their staff, contractors, visitors, and other relevant people, and control their access to facilities, areas within facilities, and/or other assets.

PIAM - [HID Global](#) @ [Innominds Software Pvt Ltd](#)**Mar 2019 – Jan 2020**

Physical Identity and Access Management (PIAM) breaks down traditional organizational silos to transform communities of stakeholders involved in identity management such as employees and contractors, security departments and process managers in HR, IT, Facilities, Reception, Contractor Administration, etc. Everyday millions of people in more than 100 countries use our products and services to securely access physical and digital places.

My Cisco Entitlements (MCE) - [Cisco](#) @ [Infosys Ltd](#)**Mar 2018 – Feb 2019**

My Cisco Entitlements (MCE) is a secure one-stop platform where you can gain insights into your business and better manage your Cisco products and services to minimize risk. Here you can centrally organize all your Cisco services, subscriptions, licenses, and devices in one place.

Stakeholders: Cisco Customers and Partners.

TALLINT™ Enterprise @ [HireCraft Software Pvt Ltd](#)**Mar 2015 – Feb 2018**

Designed for leaders in Talent centric business organizations like Consulting, IT/ITES, Engineering, Construction, Research, or any other industry where talent management is critical. TALLINT™ defines the way forward to help you manage your sales force automation, talent acquisition, workforce provisioning, project management, and project profitability management in real time.
